Description and Pedigree.
Lucifer is a black iron gray, 5 years old, with heavy white mane and tail; 152 hands high, and is a horse emmently calculated to produce stock anited to every purpose for which the horse is required. Being himself beautiful in appearance, of proper size, faulties in form, mild and goulde in disposition, with action both for harmess and saddle rarely equalled, very few, if indeed any, horse in Kentucky of his age can show greater trotting speed in harness, and it has been with great difficulty that he has been restrained from going all the saddle gaits, being sired by old Snowstorm, who went one gait as naturally as another, and all with unparsileded speed and style, and produced more fine saddle and harness horses in the two seasons he made in Kentucky than any other horse known. He was of the pure Norman French breed from Canada, and his colds are communiding wherever found extravagant prices. Incifer's dain was a large brown mare; blood unknown; was a natural pacer and could, without training, pace her inlie in 3 oninutes. Description and l'edigree.

If Thinvite the attention of breeders to this young horse, at his stand, where I have a good track, and where persons wishing to breed can have an opportunity of witnessing hisspeed.

## HOSTETTER'S STOMACH BITTERS.

The proprictors and manufacturers of 110S-TETTER'S CELEBRATED STOMACH BIT TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the arricle has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bit ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters' are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them fo a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate invigorating to the bowels, excellent as a tonic and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she he young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity nrrive during the summer season, the wear of body and mind is generally aggravated liere. then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to hear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the tuste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Birters a trial.

CAUTION.—We cantion the public ngainst using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostefter's Stomach Bitters' blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the

THIS is to certify that Samuel Reynolds of Oswego,
A New York, has put hito my will, known as the Cove

Water Wheels. It is one foot to diameter and takes
the place of a 25 feet Overshot Wheel. With the Overshot Wheel I can grind seven and one half bushels of
wheat to the hour with a full head of water, and with
his (Reynolds Wheel) to-day attached to same burrs,
which are 26 inches in diameter, I ground ten and olnetenth bushels of wheat to the hour, and the water used
to run, it illied the buckels on the Overshot Wheel I wo

Alr. Reynolds put the Wheel in with the understanding that if It did not grind as much as the Overshot with
the same water he was to take it out and charge nothing
for his trouble.

I have been acquainted with Mr. Revnolds about six

more power than he claims for them. I therefore conmend him to the public.
